other small boxes will open at the same time. Appearing on the ballot will be candidates seeking the offices of governor, lieutenant governor, attorney general and state repre-

sentative. Price Daniel and Ralph Yarborough are wading through Democratic and Republican Convention competition, trying to win enough votes for governor of Texas. Ben Ramsey has probably been taking it easy since he is the only candidate for the office of lieutenant governor. Sen. A. M. Aiken withdrew as a candidate from that race.

Other men seeking offices will be Will Wilson and Tom Moore, in the attorney general's race and Jack Richardson and H. O. Nie-

meyer for state representative. There were 21 absentee ballots cast. Absentee voters included the following:

Mr. and Mrs. Henry B. Holder Jr., Mr. and Mrs. D. C. Harper, Majorie Britsch, W. F. Van Dorn, Mr. and Mrs. Raymond Burgess, Mr. and Mrs. Douglass Rohre, Mr. and Mrs. A. C. Gilliam, A. O. This GMC has muscles" unsurpassed in its class!

The facts speak for themselves.

This new GMC 250-8 has 180 V8 horsepower standard. No other truck in its class comes even close.

The extra power delivers 276 footpounds of truck-propelling torque. Over-the-road truckers call it "guts" - and this GMC's got up to 33% more than the others.

It's at the top of the heap in framestrength, too. There's as much as 10% more "muscle" in its chassis than in comparable trucks.

And there's more. For this rugged

WE DELIVER TWICE DAILY - 10 A. M. - 3 P. M.

GMC has 3500 lb. front axles and 7200 lb. rear - unsurpassed in its weight-bracket. It has extra-size brakes and springs.

Add it all up and you can see what GMC Blue Chip stamina really means. Especially when you team it with a GMC's dependable performance and Hydra-Matic* savings.

For here's a truck that not only delivers the goods at lowest cost but keeps delivering long after an ordinary truck would have faded out. Come in and talk it over! *Optional at extra cost

The mid-year comparison shows \$571,925,000 was the total income for January-June 1956, against \$648,920,000 for January-

Decreases were recorded for wheat, 75 per cent; oats, 48 per cent; cotton, 22 per cent; cattle, 19 per cent; eggs, 14 per cent; mohair, 12 per cent; calves, 11 per cent; and wool, 1 per cent. Combined decreases in cotton and cattle meant a loss of \$66,652,000 from last year.

Gains were registered by peanuts, up 37 per cent; poultry, 19 per cent; fruits and vegetables, 18 per cent; corn, 17 per cent; grain sorghums, 15 per cent; milk and milk products, 12 per cent, and sheep and lambs, 9 per cent. There was no significant change in income from hogs.

The fact that prices are running only 4 per cent below last year, while income is averaging 12 per cent less indicates that farmers are taking less to market, the Bureau points out.
